

OUR VISION
YOUR
FUTURE

WE ARE HERE
**TO HELP YOUR DREAMS
COME TRUE**

About Us

DefCon Support is a company with a single focus: Provide the best support possible to our clients. Our experience gives us an in-depth understanding of not only the technical requirements, but the level of expected service.

Many companies around the world can do the work, but few take the time to fully understand the requirement and to attempt to exceed their customer's expectations on a daily basis.

Why DEFCON?

Our managers, from the top down, have been working within government contracting companies for many years.

We understand that there are no 'do overs.' We get the job done right the first time. In government contracting, time is money, and we would never waste our client's time or needlessly cost them money.

Services

Our primary area of focus, our core business effort, on is the provision of local support and sponsorship to US contracting companies.

Sponsorship is a requirement of the Kuwaiti immigration system, and we are proud to provide this service to US contracting companies that support the US military and US government efforts in the region. The government rules and regulations on employee sponsorship change on a very frequent basis.

Sponsorship is only one part of living and working in Kuwait. It makes the difference between success and failure on a contract. The local life support requirements can be as much as 35% of a contract value, and can cause a significant impact, especially on Firm, Fixed Price contracts. Our offerings are tailored to your requirements.
